RECOMMENDATION LETTER

As requested by the Mastercard Scholarship Board, I therefore recommend Arawu Samuel C. for the MasterCard scholarship. I met the above named individual during the compulsory one year National Youth Service Corps program in Kano State, Nigeria. Without exaggeration, Arawu Samuel is indeed a scholarly-minded individual with intense passion to help his fellow Nigerians particularly the albinos of which he is one. His ability to work with little details is amazing, and one of his wonderful qualities is his team spirit attitude. Sammy, like I call him never carries out a task without enquiring from me or other team members what we think about his plans.

Arawu Samuel is poised for excellence at all times; his humility, honesty and scholastic dispositions are what makes him outstanding. I remember a time where we had to do a sensitization program on the dangers of hard drugs for the youths at Kano State University of Science and Technology. His scholarly contributions and high display of leadership and love for humanity is so unforgettable. Together with his fellow corps members, he made the job beautiful for me as the President and after that event, he was nominated as Public Relations Officer. He is someone I can recommend to take up the position of President after I leave that office. He is very articulate even though he might be a little nervous at times, particularly under pressure; but I have been able to mentor him as a son and student and it is on this premise that I recommend him for such a prestigious scholarship as the MasterCard Scholarship. It would be my joy to see Sammy become a MasterCard Scholar.

Arawu Samuel is also involved in the Environmental Sanitation Community Development Service in Wudil, Kano State and he plays a vital role in the cleaning of his environment. Even as a Public Relations Officer at National Drug Law Enforcement Agency (NDLEA), Kano State, Samuel goes for Albino Foundation Enlightenment Program where he would advise albinos on how to read and succeed in Lagos, Nigeria so that they would not be marginalized. Indeed, I am sure this opportunity would help him improve his capacity to help his immediate environment as well as his country and the African society.

Thank you Mastercard Scholarship Board for the honour. I look forward to hearing the good news from Arawu Samuel as communicated through you.

Yours

faithfully,

Onumaegbu Nnenna President, National Drug Law Enforcement Agency
National Youth Service Corps member,
Wudil, Kano State.

17th October, 2017.

RECOMMENDATION LETTER

As requested by the scholarship board, I am pleased to nominate Mr. Arawu Samuel for this scholarship. Mr. Arawu Samuel is a Corp Member undergoing his compulsory One year National Youth Service Corp (NYSC) programme at Kano State University of Science and Technology, Wudil, Faculty of Science, Department of Biochemistry in which I double as both the Dean of the Faculty and the Head of Department, Biochemistry.

Arawu Samuel is a hard working and dedicated employee with a strong passion for community service this was expressed when he conducted a sensitization programme on the dangers of Hard drugs with help and partnership of the Faculty and two officials from the National Drug Law Enforcement Agency.

As a member of staff in the department he has handled several roles including but not limited to examinational invigilation, conducting undergraduate practical session and other clerical duties.

To this effect, I strong recommend Arawu Samuel for any admission and scholarship he is eligible for.

Thank you,

Dr. Sani Mohammed Yahaya
Head of Department (Biochemistry)
Office of the Dean
