

*Dear School Applicant and Viewer,*

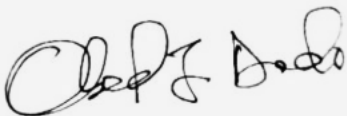

*I am glad you found me and my content on YouTube. All you need to know about me is that I am committed to helping people and empowering them to be the best version of themselves. The first two samples (Letters 2 and 3) are letters that I have written are for students, either for admission or for an internship application. The next three samples (Letters 4-6) are **letters I used during my own graduate school application process**; it is quite juicy. While the remaining three samples (Letters 7-9) are letters from one student who successfully secured fully funded admissions to top schools.*

*I wanted to show you my own recommendation letters which helped me secure full funding and also provide three other letters from one student to show you how each letter should demonstrate a different strength of the applicant.*

*If you use this material to draw inspiration for your letters, please give me a shout out in the comment section of the YouTube channel (Dr. Obed J. Dodo) so that I will know how my work on this channel has helped you.*

*That said, enjoy the free samples!*

*Best regards,*
